THE 1960 ANCHOR

Published By The Students of
NEWPORT NEWS HIGH SCHOOL
Newport News, Virginia

Time . . . that intangible, fleeting element that so few appreciate determines largely the success of a school year. The hours spent in the classroom, in meetings, in assemblies, at athletic events or just in leisure moments bring to mind many happy memories. Some of our experiences will be forgotten with the passing of time; others will grow more vivid as years go by.

The 1960 Anchor has tried to capture these times from the opening of the school doors in September to graduation in June. Each page recalls our thoughts, our deeds, and our friends in the times we shared together.

The present is moving swiftly and the future will be with us shortly. May we ever remember the time, full and meaningful, we spent at Newport News High School.

Dedicated To.....

Because of her sincere interest and concern for anything which involves Newport News High School and its students . . .

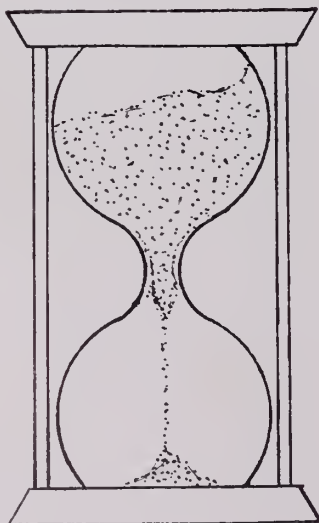

Because of her friendliness, thoughtfulness, and unselfishness . . .

Because of her devotion to the classroom and its individuals . . .

Because of her part in instilling honor and integrity in our student body . . .

Because of all of these, it is with warm affection that we, the Class of 1960, dedicate this annual to Mrs. Frances Nettles.

The story of our good times and
friendships that will leave a lasting
impression upon us is told through
our

School Life

School Life

It is a rare occasion indeed to find our Varsity flagtwirlers spending leisure moments. Here they are caught resting after their half time skit.

At last we've caught three members of our faculty taking a break from their busy classroom routine. They are Mr. Erickson, Mrs. LaFlare, and Miss Fitzgerald.

The student body always looks forward to our Pep Assemblies, enlightened by costuming and the skits which the cheerleaders plan. Dressed as 1920 bathing beauties are our Junior Varsity Cheerleaders.

Memories Bring To Mind A Colorful Year.

School spirited students decorate the goal posts in fitting colors before the game. These loyal students are: Billy Roady, Steve Hochman, Marsha Leake, Suzanne Marris, and Mike Jeffers.

Constant Activity Occurs

"Would you like some of my ice cream?" offers Banning Crossley.

Jeffrey Dorn and the Varsity Cheerleaders console the frightened Typhoon turkey after its escape from the Crabbers.

A "friendly ghost" lurks behind Freddie Bowen, Donald Schwartz, and Burt Hill during Friendly Typhoon Week.

John Gatewood has a big smile on his face as he pauses to chat with Wanda Thornhill between classes.

Throughout The Year.

Even though they are alumni, our faculty graduates of N.N.H.S. show their support for the team during the Hampton pep assembly.

Lanky Ronnie Fowler stretches to reach his books which he so optly hid before lunch.

Sammy Lipes and Abby Dorn, proud winners of the School Spirit poster contest, pose for the camera in the halls of N.N.H.S.

Josie Morgan seems quite ready for the treat.

Concerts, Dances, and Sports Contests

"Come one, come all," yells Ed Harris, the ring master of the "Big Top" Assembly. Strang man, Kenny Olshansky, and clown, Ray Mitchell, agree that this is the best circus N.N.H.S. has ever had.

The Senior Pram, highlight of the year, finally arrives. Dancing across the floor to strains of "Misty," the theme of the Pram, are Kathleen Pawell and Buddy Isbell. Dressed in their best formal attire, seniors and their dates share in the enjoyment of this long-awaited occasion.

Compose Our School Life.

"Have we got a TEAM?" yell the Varsity Cheerleaders at the annual Warwick football game. Regardless of the teams' records, rivalry makes this an even game at the starting whistle.

Frank Mageras, Gene Gill, Sammy Lipes, Julie Jaffee, and Ruby Phillips proudly display their well-deserved letters on Gold and Blue Letter Day. These letters from various departments signify hard work and long hours. Any N.N.H.S. student who has merited such an award is pleased to wear it.

Teachers have assigned much homework, it seems, as these students busily cram for the next period's test.

It is easy to guess why these two boys are so excited—the 3:30 bell has finally rung, indicating the end of another day.

The future for Lucille Phillips seems to be painting in the right direction as she takes Mr. Maidment's office during "Future Teachers Week."

Five, four, three, two, one—Fire! The Varsity flagwirlers and the band blast off to victory at the Hampton game.

The annual Mause Assembly draws to a close as the student body joins in the singing of the Alma Mater.

As they see their own sons gain yardage during the Narview game, the fathers of our football team relive their own high school days.

Freddie Sage is certain of a balanced meal as he stops to pick up a carton of milk.

Phil Turner and Kenny Wamack have other ideas as to how to pass the time away in class, as they hurl paper planes out the window.

Pleasures and Disappointments

Are Recalled On These Pages.

A typical day at Newport News High School begins for many students with a ride on the school bus. Students walk toward the school anticipating a day filled with work and fun.

Stopping to pose for a picture before departing for the annual trip to New York are this year's Anchor Staff members. These seniors plan to attend various discussions of the Columbia Scholastic Press Association as well as to enjoy the sights of the big city.

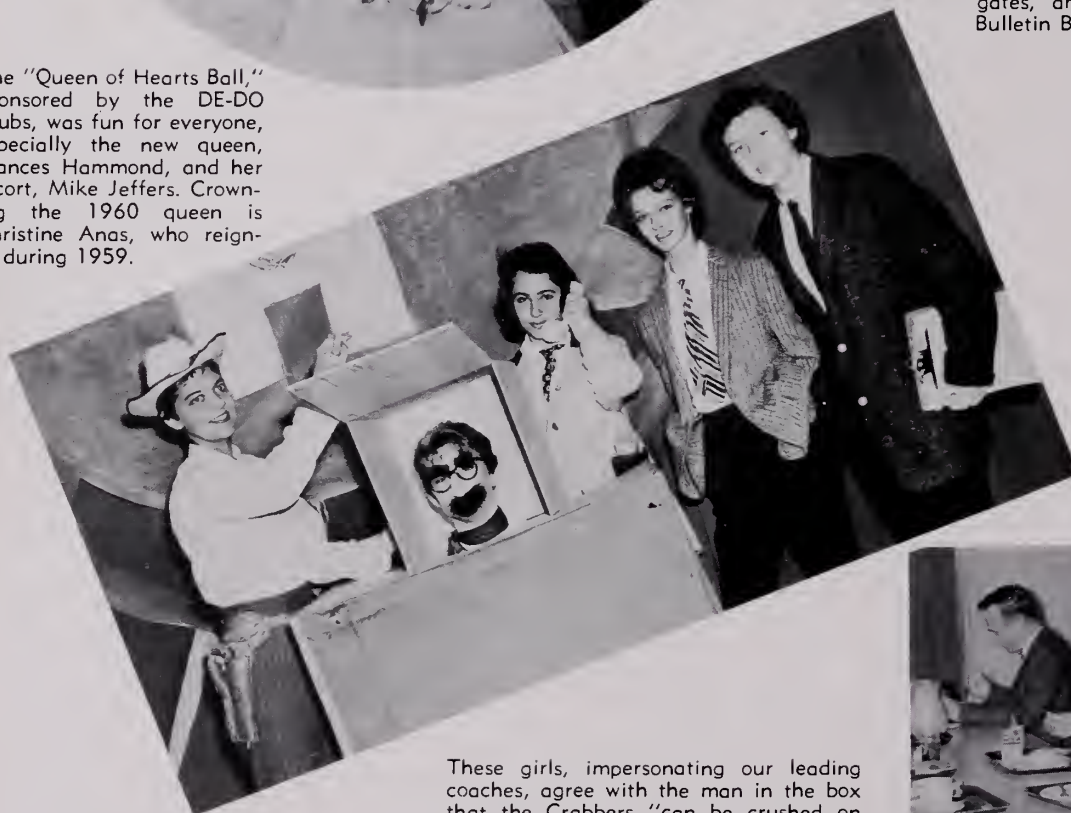

Students of N.N.H.S. are pleased as the announcement of the 1960 Band Sweetheart, Carolyn Smith, finally is made. Escorting her are Norman Dick, drum major, and Mr. Wilson, Band Director.

Regardless Of The Time Or Place , Similar

The "Queen of Hearts Ball," sponsored by the DE-DO Clubs, was fun for everyone, especially the new queen, Frances Hammond, and her escort, Mike Jeffers. Crowning the 1960 queen is Christine Anas, who reigned during 1959.

These girls, impersonating our leading coaches, agree with the man in the box that the Crabbers "can be crushed on Turkey Day."

The principles of Brotherhood are furthered through the events of Brotherhood Week which was planned by the Junior Federation. Wayne DeLozier and Cho Gillespie, two of our delegates, arrange appropriate literature on the Bulletin Board.

Teachers, too, need nourishment, as demonstrated by our principal, Mr. Maidment.

Pastimes Always Will Interest Students.

Moss confusion describes this scene in our spring play—"Home Sweet Homicide." The murderer, Phillip Hoffmon, caught at last, struggles for his freedom, but later realizes that it is useless and surrenders.

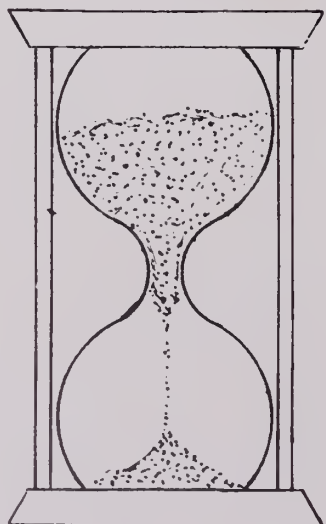

This display indicates the wide assortment of shoe selections exhibited in the halls of N.N.H.S. this year.

"Here, maybe this will help you pass your test," says Diane Rogers as she offers a part of her snack to studious pupil, Frank Friedland, who studies for a government test.

Durations of time pass quickly as
students learn and mature through a
high school education which is evident
in the . . .

GRIDIRON REVIEW

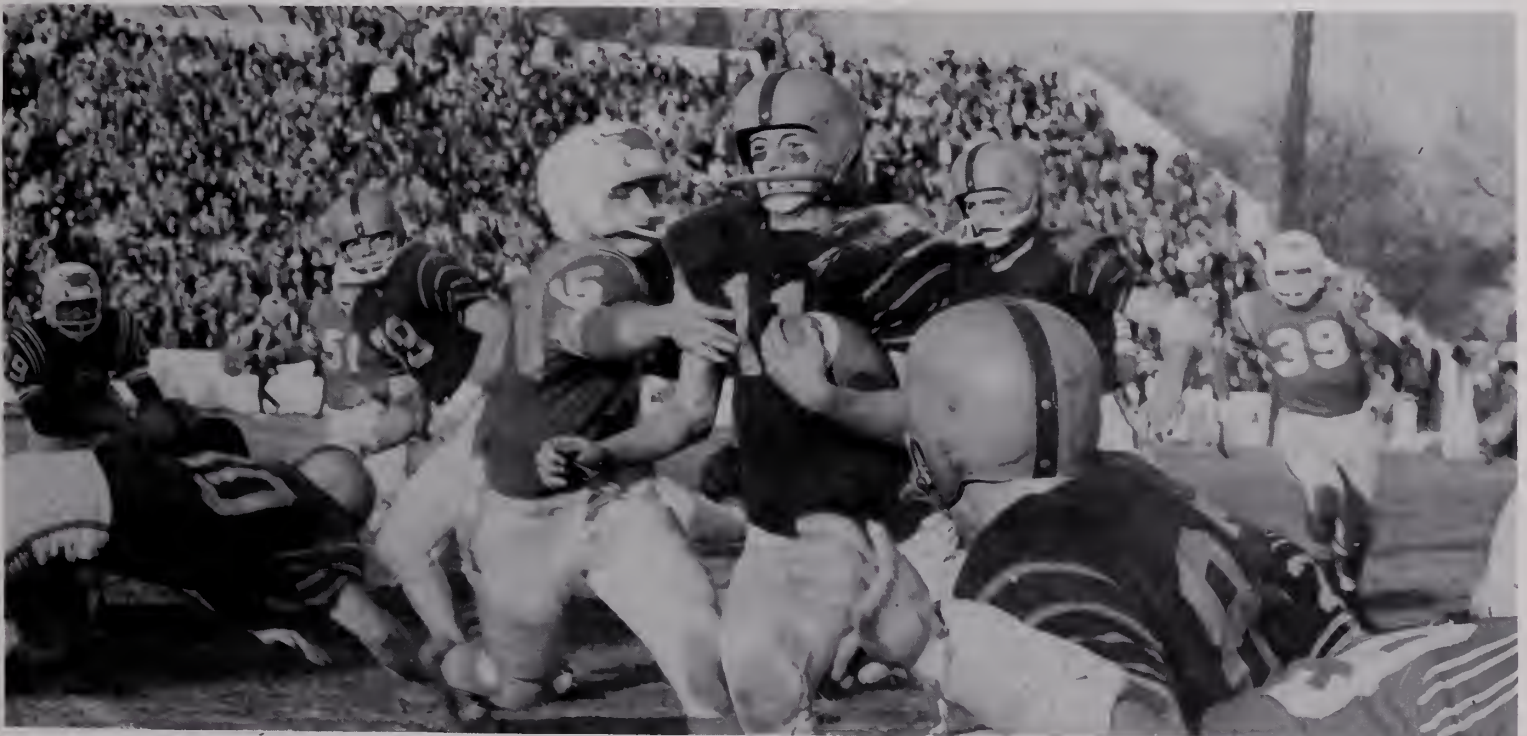

The 1959 football season was quite a success for the Golden Typhoon, led by co-captains Frank Friedland and Gene Duncan. After a span of seven years, Coach J. C. "Cowboy" Range witnessed his powerhouse of gridmen sweep the Eastern District of the Virginia State Group I competition to take nine victories. Only one game marred this almost perfect record of 9 and 1, with the lone defeat handed the Gold and Blue by the state champions, the Norview Pilots.

The season started away from home with Cradock. Outstanding in this game was the running exhibited by Allen Hall, the over-all play of Horace Underwood, who took the ball 60 yards on a punt return, and the vicious line play of big Don Carroll. At Saunders Stadium, the Newport News gridmen met their big rival, the Warwick Farmers. The fiery linemen along with backs, Duncan, White, Underwood, and Hall, all of whom made touchdown runs exceeding 55 yards, captured this victory (33 to 0). On the road again, the Typhoons traveled to Norview where, before nine thousand fans, they suffered their only defeat of the season. However, there were two standouts of this game, centers Bill Roady and Steve

Hochman. Across the river, playing Princess Anne, the Cavaliers threw a terrific scare into the Typhoons before Underwood connected on a 60 yard pass to Buddy Isbell for a touchdown. Three plays later, Duncan went for a 94 yard touchdown, the longest of the year. Bobby Boyce finished the scoring for this game.

The climax of the grid season was reached in the annual Thanksgiving Day game when the once-defeated Typhoon met the once-defeated Hampton Crabbers to take the game (34 to 20) for the first time since 1949.

Undefeated by any Peninsula team, the Typhoons won the well-deserved Peninsula Championship. Individual honors went to Gene Duncan, who was voted the most valuable player, and to Donnie White and Ed Harris, who received sportsmanship trophies. On the All-Peninsula Team were Duncan, White, Underwood, Friedland, Carroll, and Isbell. Underwood made the All-Tidewater and All-Eastern District Teams, while Duncan and Carroll made the second All-Tidewater and second All-Eastern District Teams. Harris made the second All-Eastern District Team.

Donnie White (11) nearly makes a touchdown on a punt return.

Much Time and Constant Practice

Coach Nuttycombe gets strategy for the Typhoon's next play, while halfback Donnie White looks on.

Undivided attention is paid to Coach Range during the half-time as he gives instructions for the remaining quarters of the Warwick Game.

J. V. GRIDIRON REVIEW

"It matters not whether you win or lose, but how you played the game." These words well apply to the Junior Varsity football squad. Although the 1959 season was not a success in terms of games won and lost, it has served its purpose well. Giving the boys game experience and a knowledge of football fundamentals, the squad is a training camp for future varsity players.

Coach Powers considers that a number of the J. V.'s are good prospects for next year's varsity squad.

HARDWOOD REVIEW

The 1960 basketball season has been very successful considering that Coach "Lefty" Driesell took a comparatively green squad and developed them into a smooth five. The Typhoons fought hard to uphold the prestige of the past N.N. hardcourt squads, and did so admirably. Their impressive ball handling and cool play, despite their inexperience, proved to be the best in the Eastern District. The Gold and Blue held the best record (17 won-2 lost) in the Eastern District during the regular season, tying Warwick for the Peninsula Championship.

With only two regulars returning from last year, Gene Gill and Captain Horace Underwood, Coach Driesell managed to seek out three of last year's reserves, Rannie Fowler, Dan Carrall, and Dannie White, to com-

plete the quintet. Robert Warthington and Steve Thomas alternated in Dannie White's place for a number of games this year.

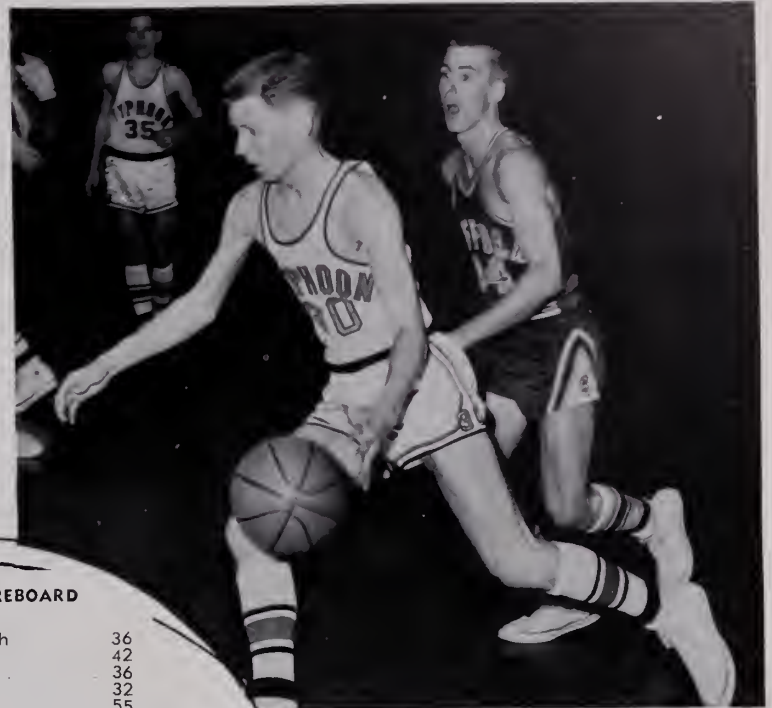

Top gun of Driesell's charges was Rannie Fowler, who was third on the district scoring charts with a 15.6 average per game, followed on the team by Horace Underwood with a 11.2 average per game. Gene Gill was considered one of the top defensive men in the state, while Dan Carrall led the team in rebounding. Dannie White, due to his aggressiveness and fiery play, proved to be one of the better backcourt men in the district.

The Typhoons saw action in both the Eastern District and State Tournaments, winding up the season with a 19 win and 4 loss record.

In Stiff Tournament Competition.

Captain Horace Underwood grabs a rebound and goes up for a 3 point play.

Dribbling past Suffolk, high scoring Ronnie Fowler moves in for a basket.

J. V. HARDCOURT REVIEW

Though the Junior Varsity Basketball Team usually gets little recognition, we cannot overlook their outstanding performance this year. Under the guidance of Coach John Palmer, these boys compiled an 18 won and 1 loss record.

The J. V. Team featured such outstanding sophomores as Billy Bryant, Jimmy Walker, Steve Corum, Larry Harrell, Dickie Dillaman, and 8th grader Russell Gary.

Palmer's quintet claimed 15 victories before the Norview upset. After this defeat, they went on to win the remaining three games, winding up the season with their impressive record as Eastern District J. V. Champions. These boys will be a real asset to the future varsity team.

DIAMOND REVIEW

With nine lettermen returning from last year, the 1960 baseball season got off to a good start. The Typhoons met Poquoson there for the first game, defeating the Bull Islanders 17-0. Playing on the home field, the Typhoon nine downed the York Falcons 7-1 in their second encounter.

Early in the spring Coach Powers was looking for additional pitching candidates in order to increase the strength and number for that position. Considering the team's assets, however, the coach feels that the team shows promise toward having a good season.

Much depends on the services of pitcher Steve Thomas, and hitters Jerry McMahan, Donnie White, Downie Wray, and Jimmy Workman.

CINDER REVIEW

As the track team was preparing for the spring meets, the Anchor was going to press. With a number of outstanding boys returning this year, the cinder squad looks promising. In the state indoor meet, the Gold and Blue has set three new state records: Don Carroll, shot put (53.11 $\frac{3}{4}$), Gene Duncan, the 440, (53.2), and the mile relay team (3:41.6). Co-coaches, Conn and Nuttycombe feel that this year's squad will be one of their best.

Time Indicates Individual Talent

It's makeup day in the Drama Classes! Makeup along with acting, and directing is a phase of drama where students obtain knowledge of stage production.

Donno Rauntree plays the piano as Mr. Lowder leads his Music Class in "Silent Night".

Mr. Lowder directs the altos in a selection during Senior Chorus Class. Students who enjoy music can study the history and appreciation of music, as well as take part in the singing.

Speech students learn poise and confidence as they give talks ranging from campaign speeches to book reports. Pausing to look at her audience before speaking is Pat Former.

Developed In The Classroom.

The Journalism classes learn the fundamentals of the subject and later apply them by producing "**The Beacon**", the school newspaper. Sandra Lankford tries to help Rana Ruben think of a headline while Gene Collins prepares to set it up.

"And this is that empty space called a hole in the head," says Mrs. Masters as she points to the plastic model. In Hygiene courses students learn about the amazing machine, the human body.

Adding those finishing touches in charcoal to her drawing is Sue Jeffers. Art is offered to students who show an interest in this subject.

Percussion plays an important part in the Band. Practicing their rhythm are Charles Buffington, Donald Baker, Gary Fitzgerald, Richard Beasley, Monty Phillips, Tammy Reese, Thomas McGrath, and Richard Hart.

Language Students Learn Grammatical

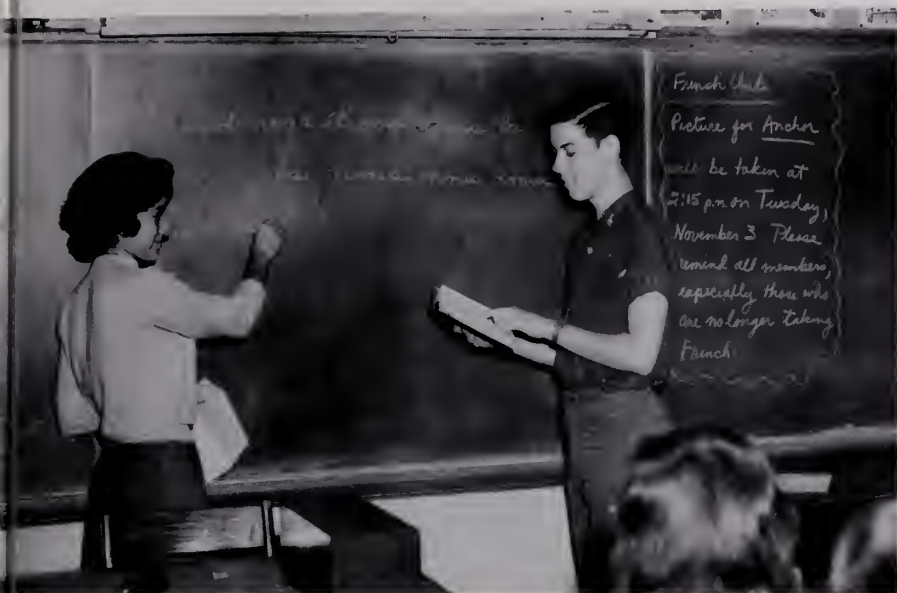

Veanlas ustedes' means "Look at this" when translated from Spanish into English. Miss Warriner explains a lesson and points out certain mistakes made by the class.

Paul Baker shows DeeGee Wilkinson a model of Hercules, the ancient Roman whose adventures are studied by Latin 3 students. These students became acquainted with ancient myths while learning the Latin language.

French students may take an advanced course in which they study French literature and more about France. Anne Andrews, Sarah Grashang, and Yvanne Stallings are discussing the places illustrated in the travel posters.

Fundamentals and Vocabulary.

In their French 3 class, Irene James and Earl Bryant lead the class in discussion of their home-work assignment. Daily tests and assignments are given to help French students become proficient in the language. Students learn about the country's geography and the customs of the people while studying the language.

Members of the class are observing relics which came from the time when Rome was a great world power. Advanced Latin is taken by students who have completed two years' work. The work of Cicero and Virgil are studied in the third and fourth years.

Distributive Education classes are designed to let the student work part of the day and take regular classes too. Miss Kanter is helping Ruby Ezzell and Clea Deeds arrange a model display.

"Talk or study—you can't do both," says Pat McAlpin as she listens to Carolyn Barnhouse and Ray Mitchell in A Period Study Hall.

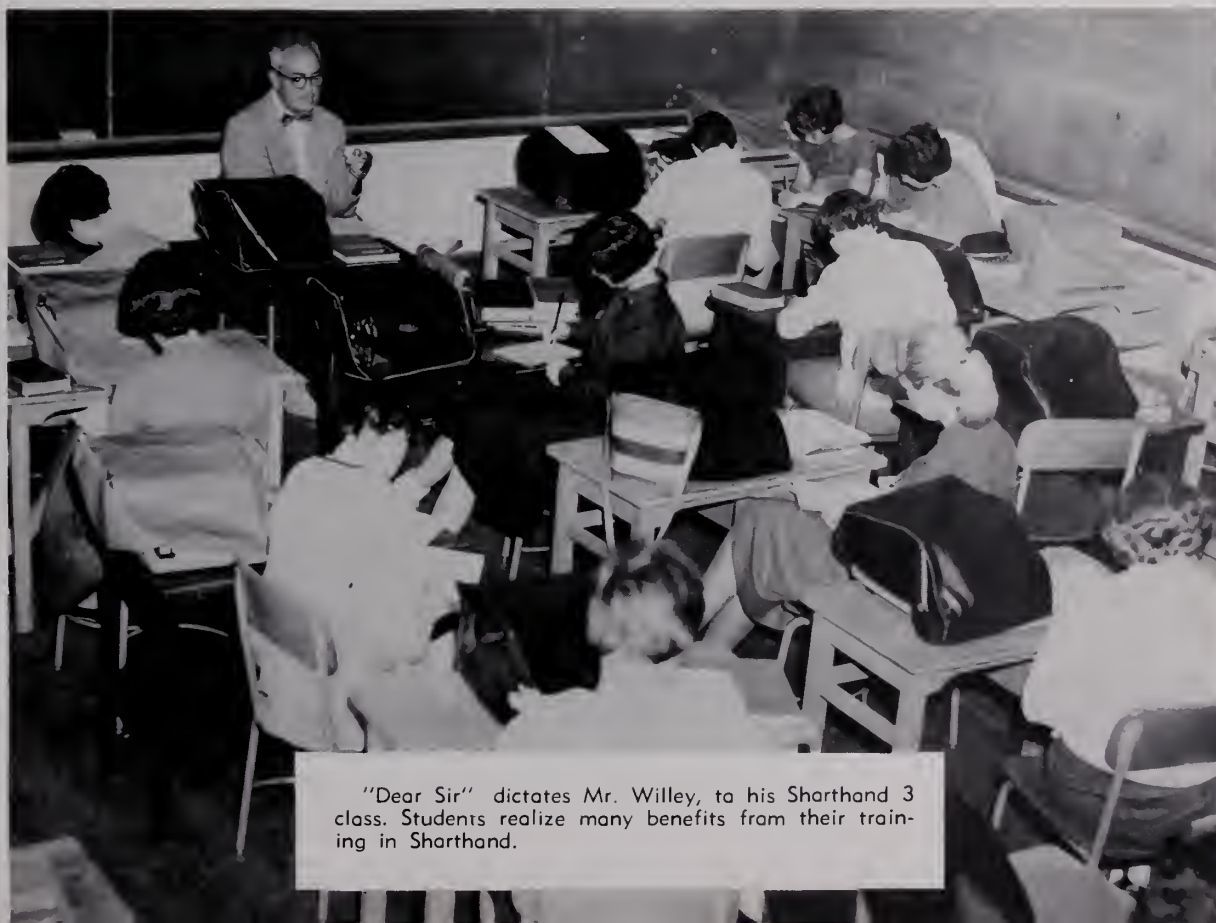

Diversified Occupations students learn in the classroom how to work on the job.

In Bookkeeping, students learn the actual method of accounting. Irene Doepe works to balance the various columns in an account book.

Stephanie Spradlin realizes that to produce her best work she must use a clean typewriter. Clicking sounds are heard from room 208 as Typing classes learn a skill useful at school, at home, and in business.

"Dear Sir" dictates Mr. Willey, to his Shorthand 3 class. Students realize many benefits from their training in Shorthand.

Knowledge Is The Reward

Miss Shelton is helping her eighth grade pupils with their assignment for the day. During the year these students begin literature study with **Treasure Island**.

Up go the hands! These students in American History seem to know the answer to Mrs. Pully's question. This course is designed to give eighth graders a good background of their American heritage.

Senior English gives the student a strong course in grammar, literature, composition, and vocabulary. Here Miss Suttle discusses the vocabulary lesson for next week with one of her college preparatory classes.

Of Time Well-spent In Class.

David Whitmore and Carolyn Duell prepare an experiment producing oxygen. Students study the structure of the atom besides doing experiments in General Science.

Mrs. Bauserman explains a problem to Jimmie Grepiotis in the eighth grade Math class. This course is designed to give the student a strong background before he enters higher fields of mathematics.

These students are starting a grammar drill in junior English. The course also includes American Literature, composition work, poetry, study of short stories and drama, and the writing of a term paper in the second semester.

Diversified Courses Provide

Bonnie Bryont reaches for the map in Geography class. World Geography is offered to sophomores, juniors, and seniors.

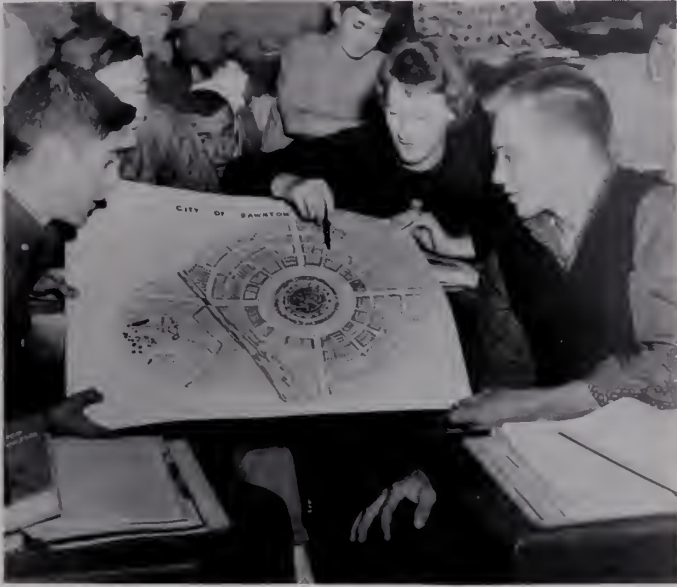

Miriam Prevotte reviews her World History notes as Gertrude Helfrich points out areas of the Ancient World, which they study.

Busy students ponder over their U. S. History test in Miss Wise's class. This class gives the student a clear picture of America from the time of its discovery to its present day.

The Challenge Of Competition.

These senior students examine a city map which must be planned by all students who take government. The government course gives the students a picture of the governmental setup in Virginia and in the nation.

Boy's Gym includes skills as well as competitive sports. David Gallaway's score in this skill test will be recorded by Mr. Helms.

Don't forget to shut the door before driving off! Students in the Driver's Training course obtain behind-the-wheel instruction.

One, two, three, whom! Barbara Hucks and Ruby Phillips bully, trying to obtain possession of the ball for their team. Through their physical education course, girls are able to keep themselves physically fit.

Susan Gary, Pat Gabriel, and Barbara Riggs paint to examples of their ability in interior decoration. The girls will be capable of running their homes smoothly after the training they receive in Home Management Class.

Films make any class more enjoyable. Mrs. Gaalsby's Foods Class learns through visual means the values of foods in planning meals.

Pat Merlic watches as Patty Sykes explains correct dressmaking techniques. In Clothing Class students learn skills which will be invaluable to them as future homemakers.

Verlin Smith helps Bill Janes measure a coffee table. In wood shop, boys not only learn trades, but also construct attractive home furnishings.

Metal Shop Classes make ornaments as well as necessities for the home. At the foundry are William Alley, Barry Joynes, and Billy Bardeaux.

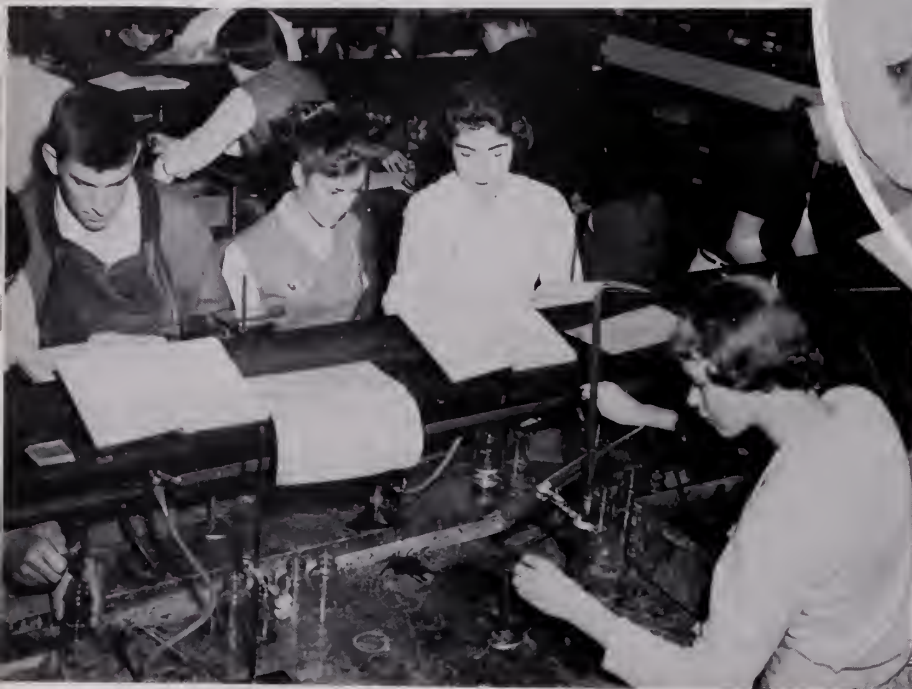

Frank Gibson is preparing to make a drawing in Drafting Class. This course is helpful to boys who plan to be architects or engineers.

The print shop classes print various programs, all types of school forms, and tickets for sports events and plays. Ed Self prepares the press to print some school forms.

Science And Math Courses

Doing an experiment on sound, Helen LaFlare, Frank Gillespie, and Ed Cohen demonstrate a fundamental law in Physics. This is a science course which deals with the physical changes in matter and energy.

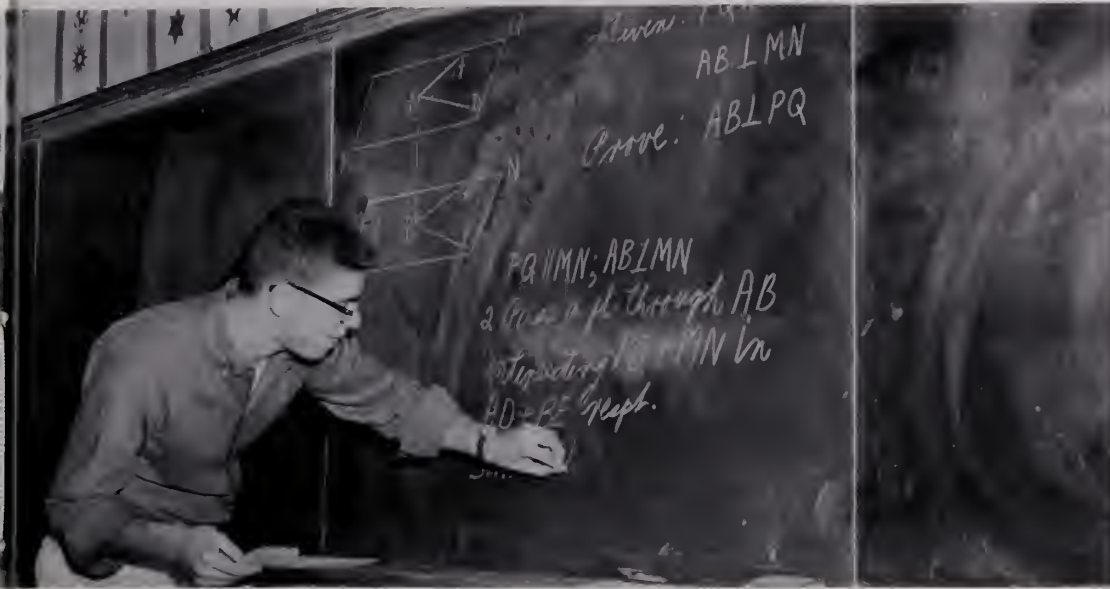

Chemistry presents many principles which are applied by the students through experimenting. These students set up the necessary apparatus and begin their investigation.

George Kahle shows no fear as he hands a garter snake to Andrea Vernan. This is a usual occurrence in Mrs. Nettle's Biology Class where students use live specimen.

Are Stressed For Future Needs.

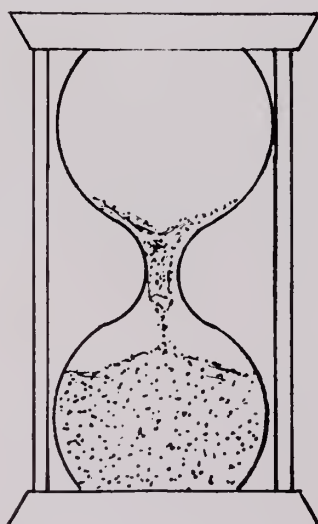

Bert Anker explains the proof of a solid geometry theorem. Students in the school's most advanced mathematics class broaden their knowledge of geometry, after which they are introduced to trigonometry.

Circles, squares, and all sorts of geometric figures make up the study of Plane Geometry. It is not unusual to find students like Robert Slusser at the board in Miss Childress' class.

This year Algebra is being offered to eighth grade students for the first time. Here Mrs. LaFlare explains an example to A. D. Strickland while Dallas Patterson observes.

Endless time, untiring effort, and
ceaseless patience, necessary for de-
veloping the s k i l l s and accomplish-

We Place Our Trust

Chosen as leaders of the graduating Class of 1960 are Donald White, Honor Council Representative; Helen Estes, Treasurer; Frances Hammond, Secretary; Kenny Olshansky, Vice-President and Student Council Representative; Richard Eastman, Honor Council Chairman; Fred Bawen, President; John Murden, Honor Council Representative; and Ed Harris, Gif-torian.

After playing the Senior Class song for Kenny Olshansky, Co-Chairman of the Senior Assembly Committee, Sammy Lipps, Head of the Class Music Committee, goes over the musical score for the Assembly with him. Ginny Krabbe, also Co-Chairman of the Senior Assembly Committee, was not present when the picture was taken.

In These Capable Leaders.

Busy with plans for the prom, Gene Collins and Richard Eastman, Co-Heads of the Senior Dance Committee, discuss how the theme will be carried out through the decorations.

Senior Invitation Committee Chairman, Joan Dunn, and Senior Ring Committee Head, Helen Estes, hand the last people in line their invitations and rings.

Noncy Gordon, Senior Motto Committee Head, tacks up the 1960 Class motto while Marlene Matthews, Head of the Senior Bulletin Committee, advises Ronnie Fowler, Senior Pennant Committee Chairman, where to place the Senior pennant.

Carol Nachman, Head of the Senior Flower Committee, consults Wolly Craver, Senior Color Committee Chairman, about the type of flowers that would be best for graduation.

Seniors Work Diligently

Congratulations to the graduating Class of 1960!
Thank you for the honor of being elected your class sponsor. I am sorry it has not been possible for me to get to know each one of you better.

The Senior Class has upheld the high traditions of scholarship, leadership, service, and character at Newport News High School. I shall always feel a great deal of pride in my heart when I think back to the class of 1960, and I am very proud to be associated with you.

As the Seniors of 1960 depart as graduates of N.N.H.S., they leave behind traditions and ideals to be upheld by underclassmen such as these.

With Faith and Trust

Gene Duncan, Verlla Martin, and Bannie Moell greet other new Seniors on the first day of school.

One of the Anchor Staff's tours on their annual trip to New York was through the United Nations Building.

Bennie Damran, Betty Jean Spencer, and Ricki Bond get quite a kick out of turning through a '59 Anchor as John Benthall and Orren Chapman reminisce about their high school days.

Diane Pritchett admires the Senior ring of her older sister, Jaan, and hopes the day when she will receive hers will soon come.

It must be happy news that Kathy Jones whispers in Ed Cohen's ear!

"I'm dreaming of a white Christmas." Bobby Allen, Neta Mae Collins, Dan Patten, Larena Elder, and Stuart Hallett enjoy singing at a party during the Christmas holidays.

We Look Toward the Future.

Linda Letchworth and Connie Zena discuss what they will do at the prom and await anxiously their big night.

Tired from a memorable night of dancing, Helen LaFlare rests her feet before going up to bed.

Wayne Jahnson, Ann Livesay, Lorry Crum, and Jean Thomas try on caps and gowns before graduation.

Mr. Moidment smiles as he tells Kenny Olshonsky and Helen Estes they are the winners of the Daughters of the American Revolution and American Legion Citizenship Awards.

Off to college! Sammy Lipps and Norma Kulm share memories of their last year at Newport High before leaving to become Freshmen once again.

I resolve to let no time or opportunities slip unused by me; that in small things I will strive to do the best that I can in order that the big opportunities of the future will find me qualified. I realize that my future is an enlargement of the present. What I do in my high school years will make me stronger in character that I may help to make a stronger America.

More than fifty years have passed since the inevitable step was taken which transferred a sprawling tidewater village into the dignified status of a city of the first class in the Commonwealth of Virginia.

Its past has been illustrious. But our justified pride in past accomplishments must not dim our eyes to the fact there is much left to do in the future.

looking
for?*

We hope so. Because we have interesting jobs for "special" gals here at the telephone company.

If you're alert and like people, you'll like it here. The surroundings are pleasant, the pay is good right from the start—and you'll have lots of opportunity for advancement and raises.

There's a "special" extra, too. You'll have that wonderful feeling of making an important contribution to your community. Come talk to us about telephone work. We'd love to meet you!

SCHOOL IS NEVER "OUT"

Most students complete their formal education at the age of 17 or 18. For the rest of their lives, they acquire the bulk of their new information and ideas from the "University at their doorstep"—the daily newspaper. And this is the school that is never "out"!

Every day's session of your newspaper school makes you a better informed citizen, better equipped to handle your job or manage your home—and a much more interesting person to be with.
